

Kids' Choices

Take this opportunity to let your children* explore the natural world through a variety of our experiential learning activities offered at Jungle Life Camp (JLC), our Environmental Education unit that is funded and subsidised by the incomes of Our Jungle Resorts.

You can sign your kids up for the activities listed below and leave the kids with our staff at JLC who will run the activities. Kids will have a wonderful time playing and learning while parents can opt to take harder tours that your kids can't join such as Half or Full-day Hike, Rafflesia Hike, Raft-Trek-Cave Hike, etc. Parents may also join in with the kids' activities if they wish.

*Children

- must be 4 years old and above.
- Kids 6 years and under should be accompanied by an adult.

MORNING PROGRAM (HALF-DAY OR FULL-DAY PROGRAM) :

9.30am - 11.30am

THB 1,400 per child / 700 per adult**

**Minimum 2 people per session.

To bring: Sturdy shoes, sunscreen, mosquito repellent, hat, raincoat.
Please wear clothes that you don't mind getting muddy!

Kids' Choices

Shelter Building

Try this out if you wonder how people keep themselves dry while living in a jungle! Learn to use the natural materials that are sourced from our camp area. Learn some cool techniques to make your own rope from banana trees or other plants.

Amazing Insects

The world is full of bugs and yet most people don't take much time to understand and appreciate them. In this activity we will get a close up look at their life cycles and learn about the different parts of their body. The highlight will be to catch bugs at our farm, and we will find out which ones are beneficial for our vegetables and which ones might damage them.

Snack Making

Additionally to our offered Daily Lunch, we make an exciting Thai dessert! As part of it we build our own fires and use them to cook a delicious, local snack.

Seed Bombs

Seed bombs are balls of seeds that covered in clay and soil. We learn how to make healthy soil that will help the seeds to grow strong. Later, we throw the seed bombs in our reforestation area.

Jungle Walk

Enjoy a short and easy walk to get a taste of the Khao Sok jungle. We will only be out for about an hour so this is suitable for little legs too. Even though we will stay close to our property, you have a great chance of seeing some of the smaller wild animals.

Nature Art

Create your own Khao Sok souvenir! We will collect materials such as flowers and leaves from around our camp and, after drawing our picture using charcoal, we will use our materials to paint the colour on. We will even make paints out of stones collected from our beloved river!

Farm to Table

Tuesdays, Thursdays and Saturdays

Farm Tour

9.30am - 10.15am

Free

Whether you are joining our cooking class or not, all are welcome on our guided farm tour. Our produce is used in Our Jungle Restaurants, meaning the vegetables are as fresh as they come.

Farm Cooking Class

10.15am - 12.30pm

THB 950 per adult

THB 475 per child

After the farm tour, it's time to cook! The cooking class will take place in our farm or our dedicated cooking class kitchen and is run by our friendly team of cooks and farmers. A great experience for everyone and is always a lot of fun!

The menu includes:

- Lemongrass chicken (or vegetarian alternative)
- Our famous papaya pad thai
- Seasonal farm vegetables
- Tomato dip
- BBQ-style scrambled egg

Lunch is served rice and with one of the best cliff views that Khao Sok has to offer.
